### JESUS SATISFIES THE DEEPEST HUNGER OF OUR SOULS

“Jesus said to them, “I am the bread of life; whoever comes to me shall not hunger, and whoever believes in me shall never thirst.” — John 6:35, ESV

About ten years ago, I volunteered to take a hike with some friends. We were at a state park and there were lots of trails we could use, so we agreed to hike on a trail that was a little less than three miles long. Unfortunately, we must have been relying on incorrect information, or maybe we took a wrong turn, but when we finally made it back, we had hiked over ten miles. As you might guess, we returned hungry. In that moment, you could have served me just about anything and I think I would have eaten it.

Our souls are hungry and they definitely crave fulfillment. What are our souls hungry for and how are we trying to fulfill those cravings?

- **Comfort:** We seek comfort in routines, familiar places, and hopeful promises.
- **Safety:** We seek safety in forms of defense and protection.
- **Provision:** We seek provision through resources we acquire or are given.
- **Significance:** We seek significance through service, achievements, and approval.
- **Love:** We seek love through relationships.
- **Acceptance and Belonging:** We seek acceptance and belonging through the ways in which we're treated or perceived by others.
- **Growth:** We seek growth through challenges and investments that are made in us.
- **Health:** We seek health through the care of our body, emotions, and relationships.

It's not wrong to hunger for any one of these things, but Jesus knows that our attempts to fulfill these cravings through material means will fall short and leave us feeling dejected. He is the bread of life. He is living water. He alone can satisfy the cravings of our hearts on the deepest level possible without leaving us disappointed.

In Christ, we find ultimate comfort, safety, provision, significance, love, acceptance, belonging, growth, and health. This is what Jesus was attempting to explain to those who were speaking with Him. This is also what He's trying to convey to us right now. Our hungry and thirsty hearts will find everything we ultimately need in Him.

### REFLECTION FOR NINETEENTH SUNDAY IN ORDINARY TIME

The lens through which we view life makes a difference. It also determines who we choose to learn from and what we allow to shape our thoughts and feelings. For many, life is simply what it appears to be, a given that either through evolution or some other means just came to be. There is no apparent rhyme or reason to things and things can be dissected and understood only in terms of what they empirically present.

To the person using this lens, a tree is a tree and a flower is a flower. Their composition and existence can be understood only to the extent that current human knowledge allows. Through this lens, what gives life purpose and meaning? This lens has an essentially unknown beginning and definite end. Once those are accepted, the middle becomes some kind of pursuit of happiness, with values and principles being things that are self-created and found acceptable.

But there is a Divine lens that also exists and deserves mention. It is found when one stumbles upon faith and begins to see things differently. This lens is of God and reveals a Divine Energy and Life that flows through and in all things. Faith then shows us that all that lives come from this one Source of Love. This is the only true lens that can give human beings the purpose and meaning they desperately need. From this perspective, all of life is much more than what is immediately apparent!

It now tells and reveals a story about God generous, creative, and unconditional love! The unfolding of the human story is the unfolding of God's story. What meaning our lives have when they are viewed as a part of God's love affair with humanity! We are indeed special. The lens of our faith asks us to learn from Jesus Christ. Jesus, as the real Bread of Life, shows us our eternal destiny and completes and frames our lives. It is only in allowing ourselves to be taught by Jesus, that faith, hope, and love take on much greater importance.

All the relationships in our lives are now structured and ordered using God's primary commandment of love. Jesus, then, is not just some man who lived at some point in history. Jesus is the incarnate Son of God who shows us the way, the truth, and the life. Using this lens changes things up a great deal. Looking at the creation that surrounds you and the special unique people you love, what is God trying to teach you about His love for you and the eternal life He wants you to have?

## WELCOME BACK TO CHURCH AND THE EUCHARIST

Dear parishioners, I would like to welcome you back to your home (God's dwelling place). The past year and half have been difficult, challenging and shocking. It has also been a period of blessing; for we are still alive in the land of the living. So we (St. Luke faithful's) are thankful to the Lord for his blessings and protection. Now that many of us have been fully vaccinated (hopefully you have), we are invited back to our church to physically worship together. Truth be told, I miss your presence deeply and we miss seeing each other, praying for one another and supporting others. As you make the decision to return, please call your neighbors and encourage them to do likewise. We promise to keep observing the guidelines and best practices that would help us gather without incidence. I pray that God would protect us all and grant us His grace and mercy.

I am longing to have you back to share your warmth, joy and passion for the Kingdom.

PS: Fr. Cornelius loves you.
